Re: RCRA Financial Assurance  
EPA I.D. Number KSD000203638

Dear Mr. Prouty:

Our records indicate your firm is using the financial test to demonstrate sudden liability assurance and financial assurance for closure care as required by 40 CFR 264 Subpart H.

40 CFR 264.143(f) requires the owner or operator to submit updated financial information within 90 days of the end of the firm's fiscal year. According to our records, your firm's fiscal year ended September 30, 1990. Therefore, we expect the updated financial test information to be submitted no later than December 30, 1990.

The Kansas Department of Health and Environment (KDHE) is now administering the financial and liability portion of RCRA. Therefore, please submit all documents to the 'Secretary of the KDHE' instead of the 'EPA Regional Administrator' and change all references to the 'EPA' to 'KDHE'.

Failure to comply will be considered grounds for enforcement action. Liability and closure assurance is required until closure of the facility has been certified by an independent registered professional engineer and by the facility.
